**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have a competitive provider because quality of product and service are of utmost importance to me. More competition will make companies hungrier to serve and keep their customers.

Price hikes will make telecom services less available to those of lesser means.

The internet runs the world now. Without high quality broadband, I would be out of business, hamstrung at home, and our future leaders would not have the technology they need to learn tools at school.

I have fiber now but previously had competitive DSL. I also have a competitive telephone service at home.

Thank you for your considering our needs.

Sincerely,

Kate Dorman
